

Fetească Regală 2013

Wine with geographical indication
"Dealurile Crișanei"

The hills

Rătești hill side has become famous in the 1700s, from count Károlyi's time, when the Swabians first established here. They had a major contribution in transforming the area and making it a popular wine region for the time. High soil acidity and good exposure make fresh white wines and well balanced red wines, with good aging potential. The grapes for this wine were harvested from all three of our locations: Hodișa, Gereușa and Rătești.

Year Characteristics

2013 was a less favourable year with extreme temperatures and abundant in rain. Grapes were affected so that the yield was only 2,2 t/ha. The vines are 4 years old.

About the winemaking

The grapes were harvested between 20-25th of September, with a sugar level of 210-220g/l and they were fermented in large inox tanks. For fermentation we used selected yeasts.
